

### ABOUT DUBAI OUTSOURCE ZONE

Announced in June 2004, DOZ was initiated to cater to the market demands of a special economic zone offering unique services for outsourcing companies.

Dubai Outsource Zone is the place where activities such as Business Process Outsourcing, HR Outsourcing, IT Outsourcing and back office thrive. The facility offers an environment that allows companies and individuals to operate with collective synergy and freedom.

Companies based in Dubai Outsourcing Zone enjoy Free Zone benefits including 100 % business ownership and exemption from taxes as well as value added services such as networking opportunities, venue management services, industry awareness programmes and government services.

A free zone dedicated to the outsourcing industry, Dubai Outsource Zone (DOZ) offers the perfect base for both captive and third-party outsourcing operations to provide mid and high-end services in areas such as finance, accounting, IT, payroll processing, engineering, R&D and design.

It also serves as a centre for off-shore disaster recovery facilities. DOZ caters to off-shoring requirements from Europe, the US and the region. DOZ's custom-made facilities, including next-generation telecom infrastructure, office space in intelligent buildings, and facilities management, enable outsourcing companies to set up efficient operations.

The package of telecom services include reliable and redundant high-bandwidth connectivity, IP telephony, automatic call distribution (ACD), interactive voice response (IVR) and predictive dialing systems, satellite communication services as well as technical and infrastructure support. These facilities form part of a plug-and-play infrastructure which helps offshore service providers start operations quickly with minimal upfront investment.
